Soalan 19 : Apa yang berlaku jika saya melakukan langganan pelan bukan melalui apps OneCENT?

Jawapan :

Sila langgan pelan langganan melalui apps Onecent sahaja. Jika langganan dibuat bukan menggunakan apps Onecent (seperti menggunakan USSD atau beli dari 7eleven) anda dikira tidak melakukan pelan langganan pada Onecent dan anda dikira tidak

aktif dan tidak akan mendapat sebarang reward. Semua upline anda juga tidak akan mendapat reward hasil langganan anda jika anda melakukan langganan bukan melalui apps OneCENT.

Question 19: What happens if I subscribe to a plan not through OneCENT apps?

Answer :

Please subscribe to the subscription plan through Onecent apps only. If the subscription is made not using Onecent apps (such as using USSD or buying from 7eleven) you are considered not to have a subscription plan on Onecent and you are considered inactive and will not get any reward. All your uplines will also not get a reward for your subscription if you make a subscription not through the OneCENT apps.

Soalan 20: Apa yang berlaku jika pelan langganan saya telah expired ?

Jawapan :

Sila langgan pelan langganan ONECALL sebarang pakej untuk memastikan anda menerima ganjaran di ditawarkan. Pelan yang tidak aktif (expired) tidak akan menerima sebarang ganjaran. Walaubagaimana pun untuk 30 hari pertama selepas pendaftaran tanpa Sim kad, anda dikira sebagai aktif dan masih dapat ganjaran.

Question 20: What happens if my subscription plan has expired?

Answer :

Please subscribe to the ONECALL subscription plan for any package to ensure you receive the rewards offered.

Inactive plans (expired) will not receive any rewards.

However, for the first 30 days after registration without an

active SIM card, you are considered active and still get a reward.

Soalan 21 : Bagaimana saya hendak menyemak status sim kad saya, dari segi penggunaan data dll?

Jawapan :

Hantar SMS ke no 2222 dengan menaip isi SMS 'STATUS'. Anda akan menerima SMS balas mengenai status , sim kad anda termasuk mengenai data, tarikh tamat ,pelan langganan sim kad anda.

Contoh balasan dari Server:

Question 21: How do I check my sim card status, in terms of data usage etc.?

Answer :

Send SMS to no 2222 by typing the contents of the 'STATUS' SMS. You will receive a reply SMS regarding the status, your sim card including about data, expiration date, your sim card subscription plan.

SERVER WILL REPLY LIKE THIS :

Soalan 22 : Bagaimana saya hendak menyemak info mengenai sim kad saya?

Soalan 25 (a): Apakah talian Telco yang tidak boleh Port In ke Onecall/Onecent

1. Semua talian keluarga Tune Talk sahaja tidak boleh buat direct MNP / Port In ke Onecent, tetapi lain-lain talian Telco samada prepaid atau postpaid boleh dilakukan.

Jika post paid pastikan tiada tunggakan bil. Untuk prepaid baki credit minima RM5 dan talian masih aktif bukannya sudah expired.

2. Pastikan Pemilik No HP (Ownership) adalah sama

3. Untuk talian keluarga Tune Talk, Port in boleh dibuat secara in direct, iaitu Port in ke telco lain terlebih dahulu dan selepas itu Port In semula ke Onecent.

Question 25 (a): What is a Telco line that cannot Port In to Onecall / Onecent

- All Tune Talk family lines cannot make direct MNP / Port In to Onecent, but other Telco lines either prepaid or postpaid

can be done. If post paid make sure there is no bill arrears. For prepaid the minimum credit balance is RM5 and the line is still active.

- Make sure the Owner No HP (Ownership) is the same
- For the Tune Talk family line, Port in can be made indirectly. Port in first to another telco, and then Port In back to Onecent.

Soalan 26 : apa perlu dilakukan kalau simkad expired

- > klik pada page MORE,
- > klik butang 'Update Number'
- > klik expired
- > dan isikan no telefon baru di situ
- > dan semak agar nombor baru anda sudah terpapar di aplikasi.
- jika sudah terpapar, ini bermakna pertukaran sim sudah telah selesai.

Question 26: what to do if the SIM card expired;

Need to change by getting a new sim card, register the sim in your name (using the Onecall Dealer App) and re-register to the onecent application. Username and wallet name remain unchanged.

How?:

- >Login the application,
- >click on the MORE page,

>click the 'Update Number' button >click Expired
 >fill in the new phone number
 >check if your new number is already displayed at dashboard.
 > successful - if the new number appear at dashboard app

Soalan 26a: Bagaimanapula jikalau simkad rosak ataupun hilang

1. Beli sim kad baru dan gantikan, boleh hubungi talian Khidmat Bantuan untuk urusan seterusnya.

Selepas itu barulah pembelian Pakej Plan menerusi aplikasi OneCENT boleh berfungsi semula.

Question 29: What happens if not topup in 7 days?

Answer: If not top-up within 7 days then this sim card can no longer be topped up or purchased plan package through the OneCent application. However, reload can only be done by the USSD method as follows: -

i. Add value (reload) in voice credit - by purchasing through OneCent wallet.

-Click Pay Bill,

-choose Prepaid and

-Click Tune Talk Icon,

-and Purchase topup Tune Talk.

ii. Once there is a value in Voice Credit, then;

- Dial * 111 #,
- Select No 3, for data plan,
- Select no 3, For Monthly,
- Select no 1 for M1 @ RM10 data

Only then can the purchase of the Plan Package through the OneCENT application work again.

Soalan 29 a: Berapa lama sim kad akan expired selepas ditoupup, jika tidak ditoupup semula?

Jawapan:

Sim kad akan expired dalam tempoh 45 hari. Selepas tempoh tersebut simkad anda tidak boleh digunakan lagi dan ianya akan tamat perkhidmatan.

Question 29 a: How long will the sim card expire after reload?

Answer:

Sim card will expire within 45 days. After that period your SIM card can no longer be used and it will expire.

Soalan 40 : Bagaimana hendak berbelanja di Merchant Onecent?

Aplikasi Onecent telah disediakan dengan satu page khas untuk Merchant. Page tersebut ialah "**page Shopping**". Ahli boleh

melihat senarai Merchant yang berdaftar dengan Onecent dan memilihnya. Klik butang **Shopping** dan klik **OC MERCHANT LISTING**.

Question 40: How to shop at Merchant Onecent?

The Onecent application has been provided with a special page for Merchant. The page is the "Shopping page". Members can view the list of Merchants registered with Onecent and select it. Click the Shopping button and click OC MERCHANT LISTING.

Soalan 41. Bagaimana hendak membayar kepada Merchant mengguna wallet.

Ahli Onecent boleh berbelanja di Merchant dengan mengimbas QR Code Merchant. Pastikan wallet anda mencukupi sebelum membuat transaksi

- Login app OneCent
- Klik pada page Shopping

- Klik "Scan & Pay"
- Imbas QR Code Merchant
- Masukkan Jumlah bayaran
- Confirm dan masukkan PIN wallet
- Semak resit dan tunjukkan kepada Merchant/Casher

Question 41. How to pay Merchant using wallet.

OneCent members can shop at Merchant by scanning the Merchant QR Code. Make sure you have enough wallet before making a transaction

- Login OneCent app
- Click on the Shopping page
- click "scan & Pay" button
- Scan QR Code Merchant
- Enter the Payment Amount
- Confirm and enter the wallet PIN
- Check receipt and show to Merchant / Cashier

Soalan 42. Apakah faedah kepada Ahli jika berbelanja di Merchant Onecent ?

Jawapan :

1. Setiap Merchant Onecent memperuntukkan sejumlah rebat kepada ahli Onecent yang berbelanja menggunakan wallet. Jumlah rebat ini di kenali sebagai "Merchant Sharing Value" dalam bentuk peratusan (%) rebat dari jumlah bayaran yang dibuat.

Sejumlah 1.5% di bayar kepada syarikat sebagai Merchant Discount Rate (MDR). 50% dari bakinya akan di agihkan kepada komuniti cashless Onecent. Ahli yang berbelanja di Merchant akan mendapat 20% dalam bentuk rebat tunai dan dimasukkan dalam wallet secara 'real time'. Mana introducer dan sehingga upline 12 generasi akan turut sama mendapat rebat tunai mengikut peratusan yang telah ditetapkan.

Sebagai Contoh:

Kataka anda berbelanja di Restoran LC sejumlah RM100.00 . LC memberi rebate 5%. Ini bermakna LC akan menerima RM95.00 , manakala RM5 sebagai rebate. RM1.50 sebagai MDR. RM4.925 akan di agihkan mengikut ketetapan konsep Onecent

Merchant.

50% darinya akan diagihkan pula kepada komuniti cashless Onecent:

Anda akan menerima 20% dari RM2.465 = RM0.493

Introducer anda menerima 10% dari RM2.465 = RM0.2465

Introducer Merchant menerima = RM0.04925

Consultant Merchant menerima = RM0.04925

Centre agensi terlibat menerima = RM0.04925

dan lain-lain upline kepada anda jug akan menerima imbuhan seperti telah ditetapkan, secara real time .

Perincian bagaimana agihan dibuat dan paraturan lebih disediakan semasa sesi latihan SDE dan juga dalam Consultant Training.

Question 42. What are the benefits to Members if shopping at Onecent Merchant?

Answer :

1. Each Onecent Merchant allocates a certain amount of rebates to Onecent members who spend using a wallet. This rebate amount is known as "Merchant Sharing Value" in the form of a percentage (%) rebate from the amount of payment made.

A total of 1.5% is paid to the company as Merchant Discount Rate (MDR). 50% of the balance will be distributed to the Onecent cashless community. Members who shop at Merchant will get 20% in the form of cash rebates and put in the wallet in 'real time'. Which introducer and up to 12 generation upline will also get a cash rebate according to the percentage that has been set.

For example:

Let's say you spend RM100.00 at LC Restaurant. LC gives a 5% rebate. This means LC will receive RM95.00, while RM5 as rebate. RM1.50 as MDR.

RM4.925 will be distributed according to the Onecent Merchant concept.

50% of it will be distributed to the Onecent cashless community:

You will receive 20% from RM2.465 = RM0.493

Your introducer receives 10% off RM2.465 = RM0.2465

Introducer Merchant received = RM0.04925

Merchant Consultant received = RM0.04925

Center agency involved received = RM0.04925

and other uplines to you will also receive remuneration as set, in real time.

Details of how distributions are made and more percentages are provided during SDE training sessions as well as in Consultant Training.

Soalan 43. Apakah faedah kepada Ahli jika membuat bayaran Topup HP , bil2 utiliti serta bayaran bil2 Majlis Tempatan ?

Ahli Onecent juga akan menerima rebat tunai dan group reward jika mengguna wallet untuk membuat bayaran di atas. Bayaran bil2 ini dikategori sebagai "Value Added Services" (VAS)

Sertiap kali ahli Onecent membayar bil / topup / reload mereka akan mendapat rebate tunai dan rangkaian akan menerima group reward sehingga 12 generasi jua.

Sebagai contoh jika anda membayar (membeli pakej plan) reload Sim Kad Onecall menerusi aplikasi Onecent , anda akan mendapat rebat tunai secara real time ...contohnya anda beli pelan RM48.00 , anda sendiri akan menerima RM1.73 sebagai rebate. Begitu juga jika ahli rangkaian anda reload anda juga akan menerima group reward mengikut kadar yang telah ditetapkan seperti berikut.

Question 43. What are the benefits to Onecent Member's if they

pay reload or topup airtime, pay utility bills and Local

Council bills payment?

Onecent members will also receive cash rebates and group rewards if using a wallet to make the above payment. These are categorized as "Value Added Services" (VAS). Every time Onecent members pay their bill / topup / reload they will get

a cash rebate and the network will receive group rewards for up to 12 generations.

For example, if you pay (buy a plan package) reload Sim Onecall Card through the Onecent application, you will get a cash rebate in real time... for example you buy a plan of RM48.00, you yourself will receive RM1.73 as a rebate.

Similarly, if your network members reload you will also receive group rewards according to the rates that have been set as follows.

That means if you have more members under you and they spend payment via Onecent apps , it will be benefited you in long run.

Sharing Value (SV) = 18% x Plan Subscription Price				
GENERATION	%	OCM10-RM48	OCM6-RM28	OCM1-RM10
